OUR FINANCIAL CONDITION.

EDITOR OF THE JOURNAL:—It need not be reiterated that business is dull, that business men mistrust what is in the immediate future, that many laboring men are out of employment or are employed but a part of the time. Many are inquiring: Why is not business more lively? I opine that several things conspire to produce and to prolong this state of things.

One is indebtedness.—We all feel and know that the country is weighed down under the incubus of a huge national debt. The two thousands millions of national indebtedness, is an amount that is not easily comprehended. But we feel its immense weight, and some realize that it will require careful financing for many years to pay it off.—The States of the Union are all deeply in debt. Many of them are now staggering under the crushing weight of enormous indebtedness. The present generation can hardly expect to see these debts lifted from their shoulders. The cities and towns are almost equally freighted with debt, and the debts of many have been much increased within a few years.

It seems almost impossible for city officials of the present age to administer the municipal government with economy. A thousand spendthrift schemes are pertinaciously urged upon them, and they cannot but yield to such urgency. Some say that the debts of the nation, the State and the city do not fetter the energy of individuals nor clog the course of business, and so ought not to be reckoned as a hindrance to prosperity in the community. But unquestionably, these debts make our taxes high, and will for years produce the same effect. There is another species of indebtedness, however, which does most directly effect the energies and enterprise of individuals, a very large portion of business men are very deeply in debt. Their debt are not those which arise from selling on credit, and buying on credit, though such debts would be an uncomfortable load, but they have hired money to start business with, and then have hired more to carry it on. They have undertaken to do too much, and are paying too much interest money, and perhaps at too high a rate for the prosperity of their business, or the buoyancy of their minds.

Another reason why business is not more lively is the expensiveness of living. Nothing is more certain than that people who live fully up to their means are constantly in a tight place; and those who expend beyond their means are perpetually and unavoidably harassed with hard times. And it is equally clear that those who live within their means are blessed with plenty. The spectre of hard times passes their door without entering, for he cannot fit his key to the lock. There is no reasonable objection to fine things, elegant things in the house of a wealthy family. But when men of moderate means vie with the rich in costly apparel, fine furniture and elegant equipage, they must expect to feel the pressure of dull times, and to suffer when financial derangements interfere with business. But the gratification of artificial appetites and vicious propensities,—using tobacco, opium and whiskey, is another drawback upon business. Save what is expended for these things many galling debts would be paid of in a short time, and many troublesome bills would be avoided. It is surprising that a very large proportion of young men, even those who earn good wages, spend all their income from week to week, and at the end of the year have nothing to lay by. An evening at the theatre, a circus, a ride on Sunday, followed by a bill at the livery stable, and other unenumerating gratifications absorb the wages of the week, perhaps of a month, and leave a young man with nothing to show as the product of his labor and skill. Such habits and tastes taken along into subsequent life, with a family dependant upon him, condemn him to hopeless bondage and perpetual

slavery. These things take away the confidence of men in their own ability to drive through business to a successful issue, and destroy their confidence in the ability and integrity of other men.

SUPREME COURT REMOVAL.

There is a project on foot for the removal of the Supreme Court from Carson to Virginia City. The *Enterprise* in speaking of the proposed change says:

At the hazard of being demolished by the Carson *Appeal*, we will diffidently mention that the bill now before the Assembly, introduced by Mr. J. P. Smith, of our delegation, for the removal of the Supreme Court from Carson to this city, should become a law. The change would be an accommodation alike to the Justices, to attorneys and the public. There is not sufficient room in either of the Carson papers for the publication of the decisions of the Supreme Court. Financially considered, the Court is of little consequence to Carson. Its sessions bring but little business to the place. Carson has been well treated by the people of Nevada, and should not oppose the proposed change. Should it ask too much, and evince a disposition to be unreasonable, in a spirit of rebuke Storey and other counties may claim something more than the Supreme Court. We presume the bill was introduced at the instigation of the attorneys of Storey and the most of the eastern counties. It is also probable that the Supreme Judges themselves are in favor of the change. We trust the *Appeal* will not wax ill-natured over these suggestions. If it should, we stand prepared to placate it with a lunatic asylum.

A NEW LODGE OF K. OF P. INSTITUTED.

In the Monday evening issue of the *Gold Hill News* we find the annexed:

A delegation from the Nevada, Mystic, Lincoln and Damon Lodges of the Order of Knights of Pythias, numbering about one hundred gentlemen, left Virginia, Gold Hill and Carson on Saturday morning last for Reno, for the purpose of organizing Amity Lodge No. 8, in the latter town. The excursionists were given half-fare rates by Superintendent Yerington of the V. & T. R. R. and proceeded to the terminus of the road in four passenger coaches, and accompanied by the Washington Guard band. The new lodge was instituted by Grand Chancellor S. H. Goddard, assisted by the following Grand Officers: V. G. Chancellor, George Gillson; Grand Prelate, John P. Meder; Grand K. of R. and S., Charles E. Loughton; Grand Inner Guard, Caesar Carris; Grand Outer Guard, Lyman G. Frisbie. It started under the most favorable auspices; with twenty-one of the best citizens of Reno as charter members, and bids fair to become one of the most prominent lodges in the State in time.

The names of the officers elect of Amity Lodge No. 8 are as follows: P. C., W. R. Chamberlain; C. C., C. C. Powning; V. C., C. W. Jones; P. R. Smith; K. of R. and S., C. H. Stoddard; M. of E., C. A. Richardson; M. of E., C. T. Bender; M. at A., J. F. Myers; I. G., J. T. Davis; O. G., H. W. Barlow.

The Grand Officers and visiting brethren were handsomely entertained by their Reno friends, and left for home on the morning passenger train, much pleased with their day's excursion and work.

EASTERN DISPATCHES!!

Exciting Scene.

NEW YORK, Feb. 2.

A Harrisburgh dispatch gives an account of a disgraceful scene in the Pennsylvania House of Representatives yesterday, during a parliamentary contest over a petition in reference to a contested election case. Wolf, a Republican Member, came in conflict with the Speaker, who finally ordered him put under arrest, when the Republican Members rallied to his defense and forcibly took him from the Sergeant-at-Arms.

Failed to Carry.

WASHINGTON, Feb. 2.

The House met at 10 o'clock this morning, in continuation of the Monday session, when after some preliminary skirmishing Butler moved to suspend the rules so as to give the Committee on Rules the privileges of reporting forthwith. The motion was rejected. Yea—177, nays—90, less than two-thirds in the affirmative.

Homicide.

CHICAGO, Feb. 2.

At Sheffield, Ill., Sunday night, S. Reed shot his brother Henry dead, in a quarrel about some family matters. Henry who was a powerful man, six feet eight inches tall, was going up stairs in his fathers house, with the avowed intention of whipping him, when the latter fired at him from the top of the stairs, the ball entering the heart. The family are wealthy and respected.

Bullion.

LONDON, Feb. 2.

The bullion withdrawn from the Bank of England to-day was £618,000.

(SPECIAL TO THE JOURNAL.)

PACIFIC COAST.

Incorporation.

SAN FRANCISCO, Feb. 2.

The Pioneer Consolidated Mining Company was incorporated yesterday, to mine in Virginia mining district, Storey county, with \$10,000,000 as the capital stock. Directors—A. C. Taylor, O. R. Johnson, H. Z. Wheeler, J. S. Follansbee and D. L. McDonald.

Man Drowned.

SAN FRANCISCO, Feb. 2.

Sunday night a man, supposed to be John Boyce, who had been working for Mr. Carr, contractor, while under the influence of liquor, fell into the bay from Broadway wharf and was drowned. Two boatmen heard his call for help and went to his assistance but before they could reach the man he sank.

Departure of the King.

SAN FRANCISCO, Feb. 2.

At 11 o'clock the King and suite, and United States Minister at Hawaii, Mr. Pierce, were escorted to carriages by Consul Severance, and whiled to the Pacific Mail Company's steamer *McPherson*. He received the party and carried them to the steam frigate. His Majesty was received with appropriate honors. The yards were manned and a royal salute fired. The *Pensacola* was beautifully dressed in honor of the occasion—a line of colors extended from water to jibboom and thence from foremast-head to the main-mizzen spanker-boom and water aft. The Hawaiian flag floated from main masthead. In consequence of an accident on board it is possible the *Pensacola* may not leave port to-night. While hoisting on board a steam launch preparatory to getting under way one of the tackles by which the launch was suspended gave way allowing the boat to strike heavily against the steamer's smoke stack, breaking it partly off close to the deck. At half-past three men were busily engaged putting chains around it to which were attached stays to hold it in place as it is low water on the bar, at five p. m. and nearly dark. The probabilities are the ship will not leave port till morning.

Among the passengers on the *Pensacola* is Col. A. B. Steinberger, special Commissioner of the United States to Samoan Islands, whose previous visits to the Islands in behalf of the Government was mentioned about a year ago. The United States had informally established close relations with the Islands on the occasion of Col. Steinberger's previous visits. This time the Islands will probably be taken under protection of our Government.

Manslaughter.

SAN FRANCISCO, Feb. 2.

In the police court to-day Antonio Hidalgo and Wm. Walters, who were concerned in killing Chas. Kabe, at Hunters Point on Saturday last, were brought up for examination. The same witnesses appeared; the same evidence was repeated as given at the Coroner's inquest. The result was the holding of Hidalgo for manslaughter. Bail fixed at \$10,000. The case against Walters was dismissed.

Incorporation—Bond-holder's Case.

SAN FRANCISCO, Feb. 2.

The North Comstock Silver Mining Company filed its certificate of incorporation to-day, to mine in Storey County, Nevada. Directors J. D. Fry, Matthew Canavan, H. Mayers, Robert Sherwood and Geo. W. Ratherford. Capital stock—\$10,000,000.

The case of the German bondholders against the California Pacific Railroad Company was to-day further continued until February 15th, in the United States Circuit Court.

Railroad News—Etc.

LOS ANGELES, Feb. 2.

The line of the Los Angeles and Independence Railroad is located from this city distant five miles north of Spadra; distant twenty-six miles from the city. In running this line the engineers have saved four miles over the route of the Southern Pacific road. Nearly \$100,000 of stock in the Los Angeles and Independence Railroad is already taken in this city.

Several teams arrived from Panama to-day.

A force of 177 men started for the front beyond Spadra to-day to work on the Southern Pacific Railroad. The grading force will be increased to 200.

The weather is threatening but no rain has fallen to-day.

Reciprocity.

SAN FRANCISCO, Feb. 2.

At a meeting of the Chamber of Commerce of the city of Los Angeles last night the reciprocity treaty with the Sandwich Islands now before the United States Senate was the subject of discussion. It was urged that under its provisions tropical fruits are to be admitted free of duty while our own wines and fruits are excluded from reciprocal advantages.

WILLING TO OBLIGE.

A very prepossessing young lady, canvassing for a popular book, stepped into the office of a real estate broker in Springfield, Mass., the other morning, and finding the broker apparently at leisure, asked him to look at her books. The gentleman politely informed her that it would only be a waste of time, as he could not purchase it. "Oh, never mind that," ejaculated the vivacious young woman; "it won't cost anything to look at it even if you don't buy." I should like to have you read some portions of it and see what it is." The accommodating broker took the volume and, glancing at the title-page commenced a perusal of the introduction. This finished, he began at the first chapter, and read carefully and leisurely along. It was about nine o'clock when he commenced, and an hour passed silently away. Then the book agent began to exhibit signs of nervousness, which were apparently unnoticed by the broker, for, he never raised his eyes from the volume, but read steadily on. Eleven o'clock came, and the lady began to walk rather smartly about the room, glancing occasionally out of the windows. At noon the broker was still reading, and the agent wore a decidedly troubled countenance. A few minutes before one o'clock the broker laid the book down, leisurely donned his overcoat and hat, and remarked blandly, "That is a very good book. I am sorry that I cannot read more of it, but I am obliged to go to dinner. If you will call in this afternoon I will read some more of it."

COST OF THE MODOC WAR.—The Secretary of War has sent to the House a report of the Quartermaster-General and Commissary-General of Subsistence, giving the cost to those Departments of the Modoc war, amounting in the aggregate to \$411,000.

DR. A. B. SPINNEY.

WELL KNOWN throughout the country as a Pathologist and Physiologist, whose successful treatment of certain physical disabilities and functional derangements deservedly entitled him to the familiar recognition of the GREAT SPECIALIST. Would respectfully inform the citizens of Virginia City, Nevada, and vicinity that he can be consulted at No. 188 South C Street, Virginia, seven doors north of the French Drug Store, at his office, thus giving invalids an opportunity of ridding themselves, through his professional agency, of such constitutional annoyances and ailments as he claims to compass and to cure. Without entering into biographical details, it is sufficient to simply promulgate the fact that DR. SPINNEY'S earliest reputation may be traced back to his inauguration and conduct of the Montreal (Canada East) Medical Institute. The regime of the English Pharmaceutical Colleges is gauged by an elevated standard. An extended experience and an assiduous study of the various phases of disease enables him to guarantee the multifarious chronic affections incident to both sexes, such as Nervous Debility, Exhausted Vitality, Youthful Excesses, Marriage Impediments, Chronic and General Afflictions.

TO THE LADIES.

DR. SPINNEY, while naturally impressed with the delicacy of the subject, feels no hesitancy in assuring them that, in conjunction with a competent knowledge of their various sufferings, such as Nervousness, Neuralgia, Spinal Weakness, Loss of Appetite, Lassitude, Protruded Uteri, Hemorrhages, Displacement of the Womb, Vaginal Irregularities, Leucorrhoea, Dyspepsia, Irritation, Constipation, and the many petty, irritating distractions that almost invariably have their origin in the uterine region, afford them immediate relief.

YOUNG MEN.

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would, therefore, say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its evil effects, remember that it you obstinately persist in procrastination, the time must come when the most skillful physicians can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work itself upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

COME AND BE HEALED.

It matters not what your trouble may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourself whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will say so, for he will not undertake a cure unless he is confident of effecting a cure.

MIDDLE-AGED MEN.

There are many of the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for; on examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, the color will be of a thin and milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

N. B.—Only an interview required in a majority of cases; balance of treatment can be conducted at home without interruption of business. No cases treated without a personal interview and proper examination. Office hours—10 to 1, 2 to 4, and 7 to 8. Consultation Free. Examination and advice, \$5
